Mario Costabile

MSc student in AI & Machine Learning

mariocostabile05@gmail.com | LinkedIn | GitHub | Portfolio | Rende (CS), Italy

PROFESSIONAL SUMMARY

Computer Engineering graduate of the University of Calabria, currently enrolled in the MSc in Artificial Intelligence & Machine Learning. Hands-on skills in web and mobile development, deep learning and Explainable AI, built through my studies and thesis. Seeking an internship or first role in AI/ML or software development.

EDUCATION

UNIVERSITY OF CALABRIA · ONGOING

MSc in Artificial Intelligence & Machine Learning

UNIVERSITY OF CALABRIA

BSc in Computer Engineering

Thesis: "Study and experimentation of an Explainable Anomaly Detection algorithm for breast tumour localisation"

TECHNICAL SKILLS

Languages	Python · Java · TypeScript · JavaScript · SQL
AI & Data	PyTorch · Deep Learning · Computer Vision · Explainable AI · LLM · Jupyter
Web & Mobile	React · React Native / Expo · Angular · Spring Boot · Vite · Tailwind CSS
Backend & DevOps	REST · Keycloak / OAuth2 · PostgreSQL · Docker · Git
Other	Concurrency & multithreading · Telegram bots

SOFT SKILLS

Teamwork	I enjoy working with a team and contributing to shared goals.
Method and reliability	I approach every project methodically and see it through to completion.
Fast learning	I pick up new tools and fields quickly, from AI to web and mobile development.
Growth	I actively seek opportunities for personal and professional growth.
